Hello Years One and Two!

How are you? We hope that you are enjoying your time at home and doing lots of lovely learning activities. Thank you so much to everyone who has sent us learning by email or on Purple Mash – we love seeing what you're getting up to. We have sent you an extra special project to start today!

As you will already know (if you have listened to the story 'Aliens Love Underpants') when aliens come to visit earth, they like to wear human clothes. They have asked if you would be kind enough to make some for them. They will be needing some lovely socks to protect their feet when they walk around – and, of course, they will definitely need UNDERPANTS!

Inside your envelope you will find two pieces of felt, either in the shape of socks or underpants. You will also find a needle, some thread and some decorations. Your job is to sew the pieces of fabric together using the needle and thread. You can learn how to do this by looking on the school website for our PowerPoint 'Monday Art'. Once you have done that you can stick (or sew) on your decorations. Keep them safe so that you can bring them in to show us when you come back to school.

TIP – if you don't have any glue, you can mix flour and water together to make some.

We can't wait to see what you've made! Maybe you could send us a picture?

Lots of love,
Mrs Chetri, Miss Dikule, Miss Stead and Mrs Davis.
