## Nursery News - Friday 22<sup>nd</sup> January 2021

Dear parents / carers,

### Home Learning

Thank you to everyone that has sent photos of their wonderful Home Learning, we have published these on our website:

<https://st-marys.lewisham.sch.uk/nursery-learning-blog>.

We are encouraging you to send us pictures of your child's work and activities around the house. We miss them so much and we want to celebrate their achievements even if they are not in school.

### Zoom Meetings every day at 10:00

It has been amazing to see so many of you joining our zoom meetings this week. It is a fantastic opportunity for the children to see their teacher and their peers. It does not matter if some of the children don't want to stay still, start dancing around or do not want to answer the questions. They are all so young and so different from each other. The current situation has changed their lives enormously, so we need to be considerate of their feelings and their needs. If they want to play with some toys and just check the screen from time to time, it is more than OK.

We are trying to keep the children close to the school, to help them remember their peers and the routines from nursery, so when we are back (very soon, we hope), they will settle quickly. The sessions are based on the planning posted on the school's website, so if you are not able to catch us on Zoom, you can still do the activities from the planning and catch up.

### Outdoor Learning

We are also asking you to make time for a walk every day. In nursery, we play outside, no matter the weather. The children need the fresh air and the space to move around, so get those wellington boots and waterproof coats on and go outside. Even if it is for only 15 minutes every day, in the park or in the garden, it will make a big difference to your little one's wellbeing.

If you need any more help, we are here! We are always open to feedback and suggestions, so please, if you have any ideas on improving our daily meetings or the home learning, please let us know. Send us an email or call the office and we will get back to you as soon as possible.

Take care and stay safe!  
The Nursery Team
