## Nursery News - Friday 29<sup>th</sup> January 2021

Dear parents / carers,

### Home Learning

Thank you so much for all the support with your little ones' home learning and for the wonderful pictures that you have sent. The children are producing some amazing pieces of art and writing, and we love to see them all. We have published the pictures sent so far on our website:

<https://st-marys.lewisham.sch.uk/nursery-learning-blog>

and we will celebrate their learning in our zoom meetings as well. You can take pictures of your little one exercising, cooking, helping around the house or walking in the park and exploring nature.

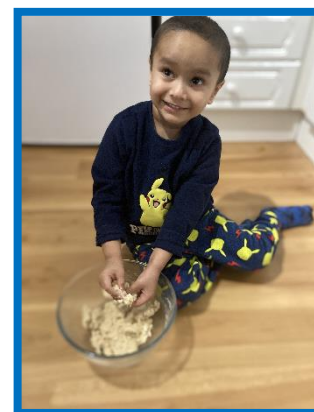

### Zoom Meetings every day at 10:00

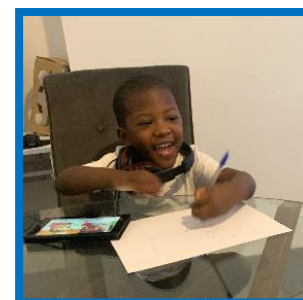

The children are enjoying the zoom meetings and they always have a big smile on their faces. We are trying to make the sessions as enjoyable and engaging as we can, but if your little one doesn't want to stay in front of the screen it is more than OK.

### Outdoor Learning

We will try and incorporate more and more outdoor activities in our online planning. The weather is getting milder and there is no better teacher than nature. There are so many things you can discuss with your little one while you are in the park. You can talk about seasonal changes, initial sounds for all the things you spot, counting trees or birds, ordering rocks by size, listening to all the wonderful sounds etc. The list is endless. We are encouraging you to go out every day for at least 15 minutes.

If you need any more help, we are here! We are always open to feedback and suggestions, so please, if you have any ideas on improving our daily meetings or the home learning, please let us know. Send us an email or call the office and we will get back to you as soon as possible.

Take care and stay safe!  
The Nursery Team
