

Reception Home Learning – Spring Term

Please work your way through the activities at a pace that works for you and your child. Try to turn off any distractions (e.g. the TV) and create a space where you can learn together. Keep it fun and make each session no longer than half an hour. In addition to these activities carry on speaking and listening to your child to support their language development and to listen to their concerns at this time. If you require any support with your child's Home Learning, please don't hesitate to email admin@st-marys.lewisham.sch.uk or ring 0208 6902613.
