

YEAR 3 CLASS NEWSLETTER

SPRING 2024

Dear Parents/Carers,

Welcome back to St Mary's, we hope that you and your family enjoyed a wonderful and peaceful Christmas break. The children have settled well back into the school routines and we are looking forward to our next term of learning together. Your support in ensuring that your child completes their Home Learning every week and reads every day with you will continue to help your child to make accelerated progress and reach their full potential.

Curriculum

We will continue our Maths and Literacy learning by building on the key skills that the children learned last year. Our topic this term will be 'Rivers of Time – The Thames and The Nile'. We will be delivering a lot of the learning in Science, History, Geography, Art and Design Technology through our topics, with links to the learning in Literacy and Maths. Below is an outline of what we will be covering in our curriculum.

English 	In English, we will be reading the book "The Pied Piper from Hamelin". After finishing this book, the following one will be "The Thames and Tide Club". By the end of the term, the children will be expected to write in role, write information reports, write adverts and write formal letters. We will be launching our Poetry competition before half-term, so please begin to think about a Poem that your child could learn and perform (or they can write their own!).
Reading 	The book we will be reading is "The Pied Piper of Hamelin". We will be exploring the book while practicing our reading skills, such as prediction, inference, summarising and more. Please ensure that you hear your child read every day and update their Reading Record.
Maths 	This half term we will be focusing on multiplication and division, including learning about the multiplicative properties of numbers. In the second half of the term we will be learning about length and perimeter. By the end of the term, the children will be expected to use their knowledge of multiplication to calculate the area of a surface.
RE 	In RE, we will be learning about how belief In God affected the actions of people in the Old Testament.
Topic 	In this topic, pupils will first learn about how rivers are formed, and their different parts and features. They will study the journey of the River Thames from its source to where it reaches the sea and look at some of the human and physical features along the way using maps, images and digital mapping tools. In Science Lessons, they will learn about the different habitats along the Thames, and the living things that live in these habitats. They will also find out about how habitats can change, and how this affects the animals and plants that live there, using River Thames pollution as an example. They will learn how to sort living things into different groups based on their characteristics and have a go at classifying the plants and animals that call the River Thames home using a simple classification key. In DT, pupils will learn about the main features of a boat and have a go at building, testing and improving sails for their own boats. After half term, we will move on to focus on the importance of the River Nile in Ancient Egypt.
Values 	We will be focusing on the whole school values of Love and Forgiveness . We will be exploring these values throughout this term and children will have the opportunity to learn how these values can be displayed, referring to examples from Bible stories and influential figures.
Computing	In Computing, we will be learning about programming & coding: to know that instructions can be organised into a sequence. 

Music 	In music, the children will follow the program "Music Express". They will study the unit "China", where they will learn about the notion of pitch in the songs.
PSHE 	We will be following the Jigsaw scheme of work in our PSHE (Personal, Social and Health Education). This term we will be learning about Dreams and Goals.
MFL 	We will be studying French as our Modern Foreign Language (MFL). This term we will be learning the unit "J'apprend le Francais", where children will continue building on their first contact with the language.

Key Dates for the Spring Term 2024

- Trips: Visit to Deptford Creek (15/01)
- Mon 22nd January – we will launch our Annual Poetry Competition
- Week beginning 22nd January – After School Clubs begin

- Thu 28th March 1:00PM – End of Spring Term
- Mon 15th April 8:40AM - Children return to school for the Summer Term

Key Reminders

- Please be on time at the beginning (8:40) and end (3:10) of the school day
- Please ring the school office if you have arranged for a new person to collect your child

PE

Please note that the children must bring the correct PE kit (plain navy blue/black jogging bottoms, plain white t-shirt and plain black plimsolls/trainers) to every PE lesson. Our PE coach, Mr Tientcheu, will lead the children in the PE curriculum alongside their teacher. **PE lessons will be on Thursday.**

Jewellery

We advise that the children do not wear **any** jewellery to school although plain stud earrings are acceptable. Please bear in mind that if your child is wearing earrings they need to be able to remove them themselves for PE lessons.

Clothing

Please make sure that all of your child's items of clothing are clearly labelled with their names. This applies to all items of school uniform, PE kit and coats. School shoes should be plain and black.

Home Learning

Home Learning will be set on Friday and should be completed by Tuesday. In addition to the learning set, your children should be regularly practicing their times tables, spellings and reading every day.

There is a clear expectation that every child fully completes their Home Learning every week and we will be keeping a record and contacting parents where this is not the case.

Reading

It is vital that your child reads to you every day. Please complete their reading journal and ensure that they bring it into school **daily**. Your child will be given books, which we will aim to change on a weekly basis. If you have any concerns or would like some support with this, then please contact the school.

Appointments - If you have any queries or wish to make an appointment, please ring the School office on 0208 6902613 or email admin@st-marys.lewisham.sch.uk

We greatly value your support with your child's learning.

Mr. Amilcas Anastasiadis (Class Teacher) Miss Fiona Williams (Teaching Assistant)
